

Anyone can promise great things but only great companies can deliver.

HERE IS OUR COMMITMENT TO THE NEW AGE ALARM INSTALLING DEALER.

DVSS is always trying new ways to support its growing dealer base. We believe in being the very best in dealer support, dealer training and end user assistance. In a busy world this takes the right tools to deliver quick resolution when needed. DVSS recognizes the three basic necessities of operation.

1 . Dependable equipment, is vital to the clients we serve. The DVR and related fields need the very best in product integrity. If our name is on it, you can depend on it.

2 . Superior support tools via the Internet. I.P. requests have prompted us to deliver Virtual Technical Support (VTS) as a part of our business plan.

3 . New ways to support End-Users with minimal cost. After the sale support is a growing cost factor. When connected to the internet most basic issues can be handled without an onsite visit. This major innovation is for anyone who has ever had to burn a CD for a client.

DIGITAL VIDEO SURVEILLANCE SYSTEMS

- Custom built DVR systems
- Integrated Access Control
- 3 year limited warranty
- Wi Fi wireless Options
- I.P. addressable Cameras
- Supports Mega Pixel Cameras
- FREE Virtual Technical Support (VTS)

OUR DVR'S OFFER A LITTLE MORE THAN THE OTHER GUYS!

CUSTOM BUILT FOR YOUR COMPANY.

- 1 .** Our DVSS systems can be pre-configured with your company pre-sets. Now your technicians can concentrate on finishing the job instead of programming the same information like company user names and passwords, frame rate setups, hard drive configurations etc.
- 2 .** Each DVSS is custom built for your company preferences. Rack Mount, Desk Top, Tower, 1, 2 and 6 hard drive bay configurations. If you have a special application let DVSS do all the work.
- 3 .** DVSS can build systems capable of multi network LAN card configurations. This is a major break through if doing anything where bandwidth is a consideration.
- 4 .** Our DVSS technicians go to the extreme in pre-configuring your applications. Why waste time in the field when we can deliver a complete turn key integrated product.

INTEGRATED ACCESS CONTROL

The old saying “a picture is worth a thousand words” is true. Having an easy to use integrated access control with CCTV cameras is worth a million words. Our I.P. addressable/ RS 485 control centers are perfect for multi location ACCESS and it is all tied into a comprehensive easy to use and straight forward software package.

NEW 3 YEAR LIMITED WARRANTY

We back our products with a 3 year limited warranty. In general this warranty covers you for defects in components by the OEM manufacturer. DVSS uses the very best in computer components to deliver a superior product.

Go Wi Fi and get better wireless range with high security.

WHY WI-FI?

To help with the increased need for long range dependable wireless options DVSS is now Wi-Fi capable. When going wireless you need two major features, long range and a secure connection. DVSS now offers a complete turn key Wi-Fi wireless option on our DVR systems. Adding antennas to the DVSS is simple. Just run a CAT 5 wire to where you want an access point. Our pre-programmed access point module just plugs in and delivers a WPA encrypted 400 megawatt antennae/w built in AP.

Cameras connect via the same type of module at the remote location.

DVSS DELIVERS NEW I.P. OPTIONS WITH FULL SUPPORT.

I.P cameras are now entering the market. So why try different software for every different type of camera? DVSS offers multi – brand I.P. camera support. Although I.P. cameras are great for some installations you still need connectivity for standard CCTV cameras. DVSS also now offers a complete line of I.P. cameras as well for a complete turn key approach. The new DVSS is a TRUE HYBRID.

MEGA PIXEL CAMERAS ARE THIS YEARS HOT NEW TECHNOLOGY.

“DVSS continues to get you the latest in camera technology. The MEGA PIXEL camera is a VERY high resolution (1280 X 960) camera. These new “SUPER CAMERAS” are perfect for applications needing superior imaging.

VIRTUAL TECHNICAL SUPPORT (VTS) MAKES IT EASY.

DVSS has made a commitment to its dealers to offer the very best in support. From the complete turn key solutions to help in the field via the Internet DVSS is the first company to offer VTS to all dealers. This new concept in a way that manufacturing supports products gives the dealer the edge needed to install even the largest jobs with minimal training.
